WINA Shawl

Design: Andrea Schmitz

Knit

Intermediate

Recommended Yarn

SIZE

approx. 185 cm x 35 cm

MATERIALS

Schachenmayr Cozy Alpaca, 250 g ball
approx. 250 g ≈ 940 m
Col 00085 (mystic-color) 1 ball

1 circular needle 3.5 mm, 80 cm long
1 crochet hook 3.0 mm
14 stitch markers
1 tapestry needle for weaving in ends

GAUGE

Garner stitch, using 3,5 mm needles:
22 st and 50 rows = 10 cm x 10 cm

BASIC TECHNIQUES

Garner stitch:

Knit all rows.

Crochet cast on:

This casting on technique is particularly suitable as it is the same width as the final knitted work and stays soft and flexible. Choose a crochet hook that is 1–2 sizes thinner than your knitting needles and begin using the original yarn (see tutorial p. 3).

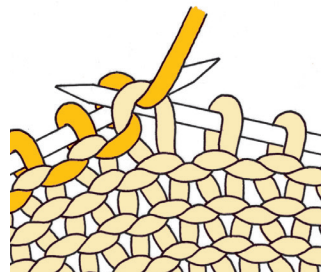

ABBREVIATIONS

k = knit
p = purl
RS = right side
st(s) = stitch(es)
WS = wrong side

Double stitch with short rows

To create a double stitch, after turning your work in the diamond pattern, hold the yarn in front of your work, insert your needle into the first stitch from the right (as if to purl), then lift the stitch and the yarn together and pull the yarn tightly to the back. This pulls the st over the needle so that it appears as a double stitch.

If the yarn is not pulled tightly enough, gaps will appear in your work later. Bring the yarn back to the front of the work and continue working as given in the pattern.

Double stitch at the beginning of WS-row.

INSTRUCTION

Using Mystic-Color, crochet 300 st onto the needle.
Work 2 rows in garter st. In the second row, place a marker after every 20 st.

Now begin working the diamond pattern:

*k11, turn your work, working the first st as a double st, k9.
Turn your work again, work the first st as a double st, k10 (working the double st at the end of the short row as 1 st), turn.

Again, work the first st as a double st, k9 (up to before the double st), turn. |

In the WS rows, always work up to before the double st; In the RS rows, work 1 st further than the double st (working this as 1 st).

Repeat these two rows until in the RS row, you have worked the last st before the marker.

Turn your work again, work the first st as a double st, k9, turn your work, work the first st as a double st, k9, slide the marker onto the right-hand needle, then repeat from *.

Work a total of 15 diamonds in this way.

For the in-between rows, work 5 rows in garter st as follows: After the last row of the 15th diamond, continue working back in garter st across all the diamonds, working all double st as one st.

In the next RS row, at the end of the 15th diamond, use a knitted cast-on to add 10 st to the end of the row.

Work 3 more rows in garter st; in the last WS row, place a marker after every 20 st.

You should have 10 st left at the end of the row.

To start a new row of diamonds, first bind off these 10 st (this shifts the beginning of the row by 10 st), then work a row of diamonds as described above.

Note: In order to achieve the wave pattern, the beginning of each new row of diamonds must be shifted by 10 st.

Depending on your tension, you will be able to work

11-12 rows of diamonds using this amount of yarn. To finish, work 2 more R in garter st. In the following (third) row, bind off all st loosely.

TIP

Bind off loosely:

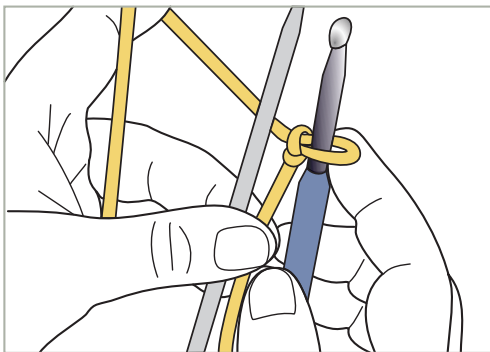

k2, slip both st back onto the left needle, k the 2 st together through the back loop, k1, slide the 2 worked st back onto the left needle and repeat.

FINISHING

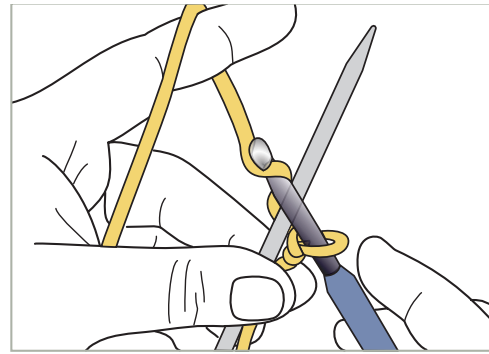

Weave in all ends using a tapestry needle.

Dampen and block; allow to dry.

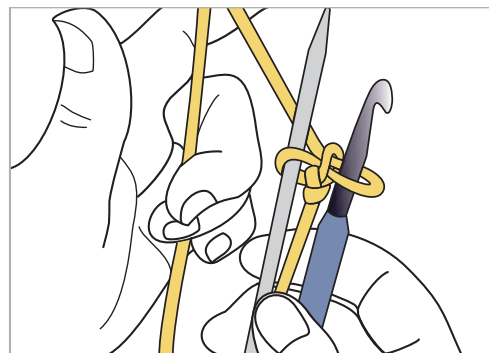

Crocheted cast-on

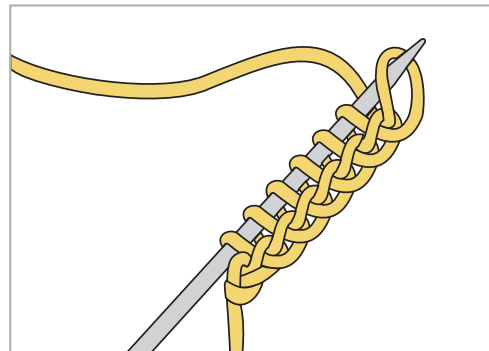

1 Make a slip knot and place it on the crochet hook; start with the working yarn behind the knitting needle.

2 Using the crochet hook, work one chain stitch around the knitting needle. The working yarn is now in front of the knitting needle.

3 Move the working yarn behind the knitting needle and work another chain stitch.

4 Repeat these steps until you have the desired number of stitches on the knitting needle. The last stitch is the loop on the crochet hook; add this loop to the stitches on the knitting needle
